

ONE DESIGN FOR MEMORIAL TO  
OFFICERS AND MEN OF MAINE

DRAWING, UNDER CONSIDERATION, OF MONUMENT WHICH IT IS PROPOSED TO ERECT IN ARLINGTON CEMETERY.

MAST OF THE MAINE  
SAFE AT ARLINGTON

Location and Form of Proposed Memorial Remains to Be Determined.

The main mast of the battleship Maine arrived at the Arlington National Cemetery, in good condition and has been placed under cover, to await the final decision of the Secretary of War, as to the design and location of the Maine memorial, to be erected in that cemetery.

The mast is to be the principal feature of the memorial, the design of which, prepared by Nathan C. Wyeth of the city, has been approved by the commission of the Maine memorial, and the officials of the War Department. The estimated cost of the approved design varies from \$18,000 to \$25,000, according to the character of the materials used, and the inclusion or omission of certain architectural details.

## Location Not Determined.

Whether the memorial shall be located on the "Maine section," wherein the victims of the disaster are buried, or in some other part of the cemetery, will not be determined until the commission of fine arts has submitted a general plan for the development of Arlington cemetery, and has been placed under cover, to await the final decision of the Secretary of War, as to the design and location of the Maine memorial, to be erected in that cemetery.

Health Restored by  
Eckman's Alternative

If you are a sufferer from Glandular Tuberculosis, or know of any one so afflicted, it might be well to investigate this case, which the writer describes, after a year of suffering, he found permanent relief and full recovery to health by using Eckman's Alternative, a medicine which has been effective in many cases of Tuberculosis.

271 Larston st., Phila., Pa.

"Gentlemen: In March, 1909, my doctor diagnosed my case as Tuberculosis of the Glands, and a number of operations in a hospital failed to benefit me. In the meantime, I read of Eckman's Alternative. The wounds in my neck were still open, and I was in a frightful condition when I started to take it. After using two bottles I found I was improving, having gained weight, and was able to sleep. I continued using it until I was well, which was in November, 1910. Before I took the medicine I had three hemorrhages; since I have been taking it I have not had any. On November 17, 1910, I started to work, and since that time I have not lost one day's work through sickness. I highly recommend Eckman's Alternative to any one who is suffering from Gland trouble."

(Advocate) JOSEPH B. WHITE.

(Above abbreviated; more on request.)

Eckman's Alternative has been proven by many years' test to be most efficacious in cases of severe Throat and Lung Affections, Rheumatism, Bronchitis, Asthma, Gravel, Gout, and in upbuilding the system. Does not contain narcotics, poisons or habit-forming drugs. For sale by O'Donnell's Drug Store and other leading druggists. Write the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries and additional evidence.

## RIVER HEARING ARRANGED.

Testimony as to Potomac Improvement to Be Taken at Cumberland.

Special Dispatch to The Star.

CUMBERLAND, Md., April 9, 1913. In response to a request of Lieut. Col. W. C. Langfitt, Corps of Engineers, United States Army, regarding a proper place for a public hearing, May 9, on the proposed improvement of the Potomac river, the city council voted the use of the council chamber.

The river and harbor act of July 25, 1912, provides for a preliminary examination of the Potomac river from Washington, D. C., to Cumberland with a view to its improvement.

## JISAPPROVES MERGER PLAN.

Attorney General Finds Same Objections Apply in Pacific Proposal.

Attorney General McKeypold has disapproved the new plan for the dissolution of the Union Pacific-Southern Pacific merger, recently submitted to him by Robert S. Lovett, chairman of the Union Pacific board. The Union Pacific, nevertheless, will submit the plan to the United States court at St. Louis, Mr. Lovett has informed the Attorney General.

The plan proposes that the Union Pacific placed its one hundred and twenty-six million dollars' worth of Southern Pacific stock in the hands of a trustee for a limited time, receiving "beneficiary certificates" for it. The stock would be distributed. Stockholders of the Union Pacific would be permitted to buy a thousand shares each.

The Attorney General believes that the same objections apply to that arrangement as applied to the original suggestion of the Union Pacific that the Southern Pacific holdings be distributed pro rata among the stockholders of the Union Pacific. That suggestion was disapproved by the Supreme Court.

## GET COPIES OF AFFIDAVIT.

Woman's Charges Against Senator Received by His Colleagues.

Ninety-five members of the Senate have received copies of an affidavit, made by a woman, charging the ninety-sixth member of the Senate with having treated her with great indignity. The affidavit was accompanied by a letter from the woman's husband.

The charges against the senator are similar to those contained in a statement filed with the secretary of the Senate and the Vice President, and which the Vice President has not presented to the Senate. The charges were investigated by United States Attorney Wilson of the District, who later gave out a statement that he found no reason for bringing an action against "any United States senator."

The senator in question claims that his political enemies are back of the charges brought against him.

The Hartford county, Md., school commissioners have served notice to the taxpayers that unless the county commissioners furnish additional funds the school at Havre de Grace will be closed as soon
